## OBJECTIVE

---

I am a passionate front-end developer with a strong expertise in React.js. I am actively seeking opportunities to create compelling and responsive user interfaces. My commitment lies in delivering seamless user experiences through a blend of creativity and technical proficiency in HTML, CSS, and JavaScript. I am eager to contribute to dynamic projects and collaborate with a forward-thinking team.

## SKILLS

---

**Languages:** HTML, CSS, Javascript, ReactJS, Redux, MUI, SQL, C++ and Java

**Tools:** GitHub, Visual Studio Code and Postman

## EXPERIENCE

---

**MacAppStudio** Oct. 2023 – Present  
Front-end developer Madipakkam, Chennai

- I've been employed as a proficient front end developer. I've **developed dynamic, responsive websites** in the past.
- My expertise lies on utilizing **React.js** to develop useful solutions. Creating solutions that are both **user-friendly and efficient** is my area of expertise.

**GRASPEAR SOLUTIONS PRIVATE LIMITED** Feb. 2022 – May. 2023  
Software Development Intern Velachery, Chennai

- During my internship, I excelled in contributing to **three live projects and a product**, refining my skills in **HTML, CSS, PHP, JavaScript, MySQL, PostgreSQL, and Spring Boot REST API**.

## PROJECTS

---

**JioPhotos** MacAppStudio

- Developed an event management web application using **React.js**, with **Redux** for state management, **React Router** for navigation, and **Material-UI (MUI)** for a modern, responsive design. The application allows users to create events, invite guests, and upload photos related to the event.
- Implemented a photo management system where uploaded photos are organized into folders and categorized using facial recognition technology. This ensures efficient organization and easy access to event photos.

**SkyScanner** [Live Link](#)

- Developed as **dynamic weather web application using React.j**, integrating live weather data through a **weather API**. Users can effortlessly check **current weather conditions and forecasts for any location**.
- Because of its **user-friendly layout and responsive design**, the software provides a flawless user experience. With the help of this intuitive React-based application, stay updated on weather changes at a glance.

## EDUCATION

---

**BSC COMPUTER SCIENCE** - **88%**  
S.I.V.E.T College, Gowrivakkam, CH Jul. 2020 – Jun. 2023

**HSC** - **64%**  
Chennai Hr Sec School, Velachey, CH 2020

**SSLC** - **86%**  
Chennai Hr Sec School, Velachey, CH 2018
